| 021 | Cyber Security | 1 | January 2016 |
| 022 | Drugs & Alcohol Testing | 1 | September 2017 |
| 023 | Peer Support Programs | 1 | September 2017 |

Disclaimer: STARs have been created by the ERA ASG following Safety Information Discussions (SIDs) and provide generic guidelines for the use of pilots and/or operators – however, the recommendations given within a STAR shall not supersede or override any requirements or recommendations given by appropriate Regulatory Authorities, Aircraft Manufacturer, or Airline. The material contained within a STAR can be cut and pasted into a suitable format for your airline's operations and changes may be made to allow for particular scenarios or differences; please give credit to the ERA ASG when doing so. STARs should only be used with the intention of improving flight safety

through education and ERA takes no responsibility for inappropriate use of this information.
